## Supervisory Board extends contract for Chief Financial Officer Tobias Ohler until 2030

**Munich, February 28, 2025 – In its meeting yesterday, the Supervisory Board of Wacker Chemie AG re-appointed Tobias Ohler (54) for another five years as CFO. A member of the WACKER Executive Board since 2013, Ohler is currently under a contract that is set to expire December 31, 2025.**

“Tobias Ohler does an outstanding job for WACKER. Extending his contract honors the lasting impact of his work. We are pleased to continue our successful, trusting collaboration with him,” noted Peter-Alexander Wacker, chairman of the Wacker Chemie AG Supervisory Board, in his comments on the decision.

Tobias Ohler studied economics, business administration and industrial engineering in France, Germany and Australia, and earned his doctorate in economics at the University of Oldenburg. Following his studies, he was a consultant at McKinsey from 1997 until 2004. He joined Wacker Chemie AG in 2004 as head of Controlling. In 2008, he assumed the leadership of Raw Materials Procurement and, in 2010, joined the Executive Board of Siltronic AG. He has been on the Executive Board of Wacker Chemie AG since January 2013.

Tobias Ohler has been a member of Wacker Chemie AG's Executive Board since January 2013. The company's Supervisory Board has now extended his contract for an additional five years. (Source: WACKER)

**The company in brief:**

WACKER is a global company with state-of-the-art specialty chemical products found in countless everyday items, ranging from tile adhesives to computer chips. The company has a global network of 27 production sites, 22 technical competence centers and 48 sales offices. With around 16,400 employees, WACKER generated annual sales of around €6.4 billion in fiscal 2023.

WACKER operates through four business divisions. The chemical divisions WACKER SILICONES and WACKER POLYMERS supply products (silicones, polymeric binders) for the automotive, construction, chemical, consumer goods and medical technology industries. WACKER BIOSOLUTIONS, the life sciences division, specializes in bioengineered products such as biopharmaceuticals and food additives. WACKER POLYSILICON produces hyperpure polysilicon for the semiconductor and photovoltaic industries.
